PAABISO SA MGA MAGULANG

PETSA: _____

Minamahal naming mga magulang at taga-pangalaga,

Ang Kagawaran ng Edukasyon (DepEd) at Ligao City Health office (LGU-CHO) ay magsasagawa ng serbisyong pangkalusugan sa lahat ng mga pambuplikong paaralan sa elementarya at sekondarya, upang labanan ang bulate. Ito ay ibibigay ng libre sa lahat ng mga mag-aaral na nasa edad na 5-11 at 12-19 taong gulang (Kinder-Gr.6 at Gr.7-Gr.12). Ito ay gaganapin sa buong buwan ng Enero at ang sabayang pagbibigay nito sa Hulyo 9, 2026.

Ang gamot na Mebendazole na ibibigay sa inyong mga anak ay bago at subok na, ito ay nakatugon sa mga pamantayan ng Food and Drug Administration (FDA) tungkol sa kaligtasan at pagiging epektibo nito laban sa mga bulate. Ito ay binibigay dalawang beses sa isang taon o kada anim na buwan.

Ang karaniwang epekto ng gamut ay konting sakit ng tiyan na kalaunan ay nawawala din at para maiwasan ito, kinakailangang busog bago ito inumin.

Maraming Salamat po!

School Health Coordinator

Principal/School Head
