DEPLOYMENT GUIDELINES OF FOURTH YEAR-BSED, BEED & BECED STUDENTS ON FIELD STUDY 1 and 2
1st TERM, AY 2026-2027

With reference to CMO No. 104, s. 2017 on Revised Guidelines for Student Internship Program in the Philippines for All Programs, and with the Memorandum of Agreement signed between the 2 parties, the College Board of Trustees Chairman, Mayor Fernando V. Gonzalez the first party, and the Schools Division Superintendent of Ligao City Division, Dr. Nympha D. Guemo as the second party, the following guidelines are issued on the deployment of Pre-Service Teachers under the following programs Bachelor of Secondary Education (BSED), Bachelor of Elementary Education (BEED) and Bachelor of Early Childhood Education (BECED),

Intensive field study is necessary which the student interns should experience in **Field Study 1, Observation of Teaching-Learning in Actual School Environment** and **Field Study 2, Participation and Teaching Assistantship** in preparation for their Teaching Internship.

1. The student intern should submit medical certificate indicating that he/she is in good health, physically, emotionally and psychologically fit.
2. He/she must submit a notarized written consent from his/her parents or guardian.
3. The deployment of Field Study 1 and 2 shall be half day only to their assigned cooperating school, every Monday to Thursday of each week starting September 14, 2026 until October 30, 2026. Specifically, the schedule for each Field Study is as follows:

- **Field Study 1 – Observation of Teaching-Learning in Actual School Environment - September 14-30, 2026**
  - The student interns will report to the principal for orientation of school policies and for the cooperating teachers who will be assigned to them
  - About the learning task given by the FS instructor, each student intern has to present his/her learning task to the cooperating teacher concerned where he/she will get the needed data.
  - Each student intern has to prepare a log sheet where he/she will write the date, his time of arrival and time of dismissal, and the activities he/she had accomplished for the day signed and validated by the cooperating teacher concerned. These data will serve as their attendance and their accomplishment report for the day.
  - The main activity of the intern in FS 1 is to observe classes and see the teaching-learning environment, gather the data needed in performing their learning task and identify a problem for their action research

- Reflection paper should be written by field study student as his/her output to document the learnings for the day.
- A Portfolio is required, to bind all the outputs undertaken.

Field Study 2 – Participation and Teaching Assistantship – Oct 1-30, 2026

- Student interns will continue some of the activities started in FS 1. Reflection paper is required each day.
- They need to have identified already the problem for their Action Research
- Lesson Planning, preparing instructional materials, executing a plan, managing a class, assessing learning, and other duties and responsibilities of a teacher shall be the focus of the interns in their participation and teaching assistantship
- 1st week - The Student Intern (SI) will observe 2 to 3 classes of the Cooperating Teacher (CT) for him/her to see the teaching-learning situations in the classroom. This is in preparation for the intern's actual teaching, the following week. So, the 1st week is for observation, preparation of the lesson plan and instructional materials.
- 2nd week, and onwards, interns will be exposed to actual teaching. Through the guidance of the CT, the student interns will already execute their plans in one class only.
- While having the one-load teaching, other tasks may be done by the interns like assisting the CT in preparing visual aids, checking the papers of students, and performing other duties and responsibilities of a teacher/adviser.
- To maximize the 4 hours for learning, one hour may be devoted to learning talk between the CT and the student intern and for some clarifications as well as exchange of ideas on lesson planning, preparation of instructional materials, etc.
- Student Interns should not be left alone as they need to be guided/coached in every aspect of their teaching-learning journey.
- Demo teaching of the one teaching load assigned to them shall be their output to their cooperating teacher
- Action Research Proposal defense by a team of 2 to 3 shall be the final output to their instructor.
- A Portfolio is required, to bind all the outputs undertaken
-

4. The following schools are proposed to be the laboratory schools for Field Study 1 & 2 this 1st Term, AY 2026-2027. This is based from their address/residence they've submitted for this purpose.
